Pressure balanced thermostatic bath- and shower Tap including hand shower, flexible hose and metal bracket.

Tapwell

Cleaning

Wipe the surface with a soft cloth and lukewarm water and possibly with soap solution. Avoid alkaline, acid-liming or abrasive cleaners.

Brass is a material that over time gets a beautiful patina but can be polished with brass polish. Copper also gets patina but should not be polished. The other shiny surfaces retain their luster.

Decalcification

Aerators and shower handles should be regularly decalcified by placing them in a vinegar bath for a couple of hours. Should limescale stains occur, use eucalyptus oil and a soft cloth.

Lubrication

Lubricate only with silicone grease.

Maintenance

Visit our [YouTube channel](#) → where there are instructional videos for changing the ceramic cartridge, changing aerators and more.

Specifications

Connection inlet: Internal thread
Number of grips: One grip
Number of outgoing connections: 1
Dimension inlet: 3/4 turn
Dimension outlet: 1/2 inch
Built in: No
Length protrusion outlet head: 115 mm
Turnable head: Yes
Temperature limitation: Yes
Temperature control: Yes
Thermostat: Yes
Pressure controlled: Yes

Dimensions/Weight

Adjustable height: No
Product - Width: 302 mm
Product - Depth: 192 mm
