Bath- and shower mixer, including handshower, flexible hose and metal bracket. To be combined with [T BOX 2.0 Small](#). →

Tapwell

Cleaning

Wipe the surface with a soft cloth and lukewarm water and possibly with soap solution. Avoid alkaline, acid-liming or abrasive cleaners.

Brass is a material that over time gets a beautiful patina but can be polished with brass polish. Copper also gets patina but should not be polished. The other shiny surfaces retain their luster.

Decalcification

Aerators and shower handles should be regularly decalcified by placing them in a vinegar bath for a couple of hours. Should limescale stains occur, use eucalyptus oil and a soft cloth.

Lubrication

Lubricate only with silicone grease.

Maintenance

Visit our [YouTube channel](#) → where there are instructional videos for changing the ceramic cartridge, changing aerators and more.

Specifications

Connection inlet: Flexible hose with nut
Number of grips: One grip
Number of outgoing connections: 2
Dimension inlet: 1/2 turn
Built in: Yes
Length protrusion outlet head: 167 mm
Turnable head: No

Dimensions/Weight

Package - Depth: 340 mm
Package - Width: 220 mm
Package - Height: 190 mm
Product - Width: 205 mm
Product - Depth: 167 mm
Product - Height: 100 mm
Total building height: 100 mm
